Subject: Contact Information Change and Evaluation of Reclamation Surety, Harper Contracting, Inc., Parley's Canyon Rock Quarry, M/035/0012, Salt Lake County, Utah

Dear Messrs. Harper and Johnson:

Thank you for providing the replacement page to update the contact information in the Notice of Intention to Commence Large Mining Operations (Notice) for the Parley's Canyon quarry. The Division has incorporated the change in its database. Attached is a stamped copy of the modified page for your copy of the approved Notice.

The Division's last reclamation cost estimate for the Parley's Canyon Rock quarry was \$113,100 escalated to 2011 dollars, so the reclamation surety amount is now due for review and adjustment. The Division may adjust the amount of reclamation surety as the result of a periodic review taking into account inflation/deflation based on an acceptable cost index (R647-4-113.6).

The Division has developed worksheets to assist both the Division and mine operators to calculate the reclamation surety amount using standard unit costs. They are available on the Division's web site at <http://www.ogm.utah.gov/minerals/>. Please complete these forms and return a copy to the Division for review. Once the forms have been reviewed, the Division will ask that you adjust the amount of surety to reflect the current reclamation cost estimate. **Please contact Wayne Western at 801-538-5263 or by e mail at waynewestern@utah.gov by March 31, 2014 to update the worksheets.**

The Division also requests that you review the current Notice to ensure it is adequate and reflects the current operating conditions. Any necessary changes should be addressed by submitting an amendment to the Notice.

Thank you for your cooperation. Please call Leslie Heppler at 801-538-5257 or me at 801-538-5261 if you have questions about this letter.

Sincerely,

A handwritten signature in dark ink, appearing to read "PB Baker", written in a cursive style.
